POMEGRANATE CONCENTRATE DIZBA

Pomegranate concentrate is made from 100% fresh pomegranate and provides a powerful and authentic fruit flavour. This concentrate provided by Dizba is much more advanced and powerful than similar products on the market, due to the benefits offered by Co2 supercritical extraction technology.

POMEGRANATE CONCENTRATE

DIZBA

Pomegranate juice contains a higher concentration of antioxidants compared to other fruit juices. It contains approximately three times more antioxidants than green tea or red wine. Antioxidants are thought to provide several heart protecting benefits, including reducing low density lipoprotein (LDL, or "bad") cholesterol
